

Copy of Basic Flowchart

Gokberk Batuhan Duran | January 13, 2020

Learn about this template

Use this basic flowchart to:

- Clearly define and visualize the steps in your process.
- Analyze and improve your process.
- Access Lucidchart's flowchart shape library.

To customize this template:

- Click on a shape and type the information you would like to include.
- Add and arrange shapes as needed.

Pro tip: Turn on auto tiling (in the page settings tab to the right of the canvas) to allow the canvas to automatically adjust.
